Message from Chairman of Organizing committee of SFH culinary challenge 2025

Dear Esteemed Chefs and Worldchefs officials,

Greetings from Korea! I am Jeong-hag Kim, President of the Korea Chefs Association.

It is with great pride and excitement that I announce the **Seoul Food & Hotel Culinary Challenge 2025**, a prestigious Worldchefs-endorsed competition. This event will take place from **June 10 to 13, 2025**, at KINTEX in Goyang City, South Korea.

Our mission is to showcase the vibrant excellence of Korean food culture while creating a global stage for chefs to connect, collaborate, and celebrate their craft.

As the world embraces the dynamic allure of K-Culture, K-Food has taken its rightful place as a cornerstone of this cultural wave. From iconic dishes like Kimchi, Bibimbap, Bulgogi, and Tteokbokki to the endless variety of Korean ingredients, the flavors of Korea inspire culinary creativity and passion worldwide.

Korea is a land of unparalleled experiences, a country that words alone cannot capture. Its essence can only be truly understood by seeing, hearing, tasting, and feeling it firsthand.

I warmly invite you to participate in the **Seoul Food & Hotel Culinary Challenge 2025**, where you can demonstrate your culinary artistry, compete among the finest chefs, and immerse yourself in the rich heritage of Korean gastronomy.

While here, I encourage you to explore Korea's breathtaking landscapes and indulge in its extraordinary cuisine. Together, let's make this event an unforgettable celebration of global culinary excellence.

Thank you, and I look forward to welcoming you to Korea in 2025!

Warm regards,

Jeong-hag Kim

President, Korea Chefs Association

Chairman, Organizing committee of SFH culinary challenge 2025

Message from Chief Judge of SFH culinary challenge 2025

I am extremely honoured and excited to be visiting one of my favourite countries as the Vice President and Chairman of the Competition and Culinary Committee for the prestigious Culinary Challenge.

South Korea is a country I am a regular visitor since 2012, and last year 2024, I had my first opportunity to be at the Culinary Challenge. I was fascinated to see the number of competitors, the skill levels and the enthusiasm of the support team to ensure this was a world class event.

I am convinced that the skills levels and competitors in South Korea are on the path to be World Champions in the not-too-distant future. Culinary Challenge 2025 is the largest Worldchefs endorsed culinary competition in South Korea, bringing close to 500 competitors in as many as 18 different classes under a multitude of international Worldchefs judges. To win any medal at this event, puts you in the right frame to win a medal in any country that conducts Worldchefs competitions.

Not only is this event a must for aspiring South Korean chefs, but it also draws chefs from, Singapore, Malaysia, Taiwan, Vietnam and the Philippines. Culinary competitions are such a motivating and satisfying part of our Culinary Profession, where we all should have opportunities to meet, network and exchange new trends and skills. This year see Choi Sang Hoon, a multi-winner of Chef of the Year become a special member of the jury group, for his past winning skills and we must congratulate the Korean Chefs Association for such an initiative to recognize local talent.

As this is a major Worldchefs event in South Korea, it will follow all regulations and set down by Worldchefs to ensure transparency and fairness to all.

I wish all competitors the greatest event and remember " Fail to train, Train to Fail"

Look forward to seeing you soon !

In Culinary Friendship

Dr Rick Stephen AM

Vice President of Worldchefs

Chief Judge of SFH culinary challenge 2025

Seoul Food & Hotel culinary challenge 2025

The SFH Culinary Challenge will return at the Seoul Food & Hotel 2025, taking place from June 10 to 13, 2025, at KINTEX. Co-organized by Informa Markets and the Korea Chefs Association, this culinary event will celebrate its 10th anniversary in 2025, evolving into an even more spectacular cooking competition and establishing itself as Korea's best Worldchefs-endorsed culinary competition. It serves as a stage for chefs from around the world to showcase their exceptional skills and gain recognition through an internationally acclaimed panel of judges and a judging system endorsed by the World Association of Chefs Societies (Worldchefs).

Worldchefs Best Practices

March 2023

Dear Competitors,

We are often asked what is 'Best Practices' these are the rules that help us govern our competitions and what members of the jury will be looking for as we move forward, these read in conjunction with the competition rules and regulations, will ensure you are on the right track.

Competition & Culinary Committee

Team & Competitors ' Best Practices'

The whole idea behind this document is to ensure all teams and competitors are on a level playing field and as to what the jury may be looking into during the competition.

Naturally this document does not cover all aspect of the jury and marking scheme, but looks into the 'Best Practices' for competitors which needs to be read with the Worldchefs Health and Food Safety Regulations.

1. Plastic is something that the world and gastronomy is eliminating.

- a) Plastic Bags – avoid all unless necessary and required to pack your food items into OR is there an alternate solution.
- b) Vacuum Bags – are for sous vide or for storage to enhance the shelf life, they are not for transporting items to a competition, to hold liquid etc, and should be avoided as much as possible, think of the waste and the cost.
- c) Plastic Containers – are permitted to transport and store items in, and must be reusable and are not to be thrown away after one use, they need to be cleaned and packed away.

2. HACCP sheets; are required in most part of the world in a commercial or professional kitchen. This is Best Practice for the recording of the temperature controls in place for raw, semi-raw, ready cooked and food storage.

- a) Standard HACCP sheets are available on the WORLDCHEFS web page which are acceptable in any competition.
- b) Temperature/storage sheets, should show the temperature flow chart of food items from purchase – to prep kitchen- to competition arena.
- c) Fridge/freezer checklist, should be done at a minimum of every hour of the competition, with a corrective action when the temperatures are too high.
- d) Storage of warm food, must be done to ensure all international and local regulations are met to avoid any public concerns on food safety.
- e) Sous Vide records are imperative due to the nature and at time low cooking temperature, the temperatures and times need to be recorded.
- f) Jury members are at liberty to check and investigate these documents under any circumstance.

Worldchefs Best Practices

3. Competition Timing/ on Time – is an important part of our profession whether in a restaurant or competition, food served at the correct temperature and on time allows a pleasant eating experience for the guests.

- a) In all competitions there are Service Points awarded on timing, however, if you far exceed this bracket, points will be deducted from competent preparation.
- b) If your food items have too many hand movements and or components, will affect the temperature of the food for service, which will lead to points deduction.
- c) At the IKA & World Cup, your timing commences once the ticket is handed in at the pass, until that course leaves the pass.

4. Food weight and Nutrition

- a) There are expected weights to be observed in the hot kitchen and on the chefs table, in a practical world, we should adhere to these weights, 20-30g either side is acceptable.
- b) It is a cooking competition, therefore skills are paramount, cooking skills, flavour profiles allowing the food to speak for itself and hand skills are a must, repetition with molds will be penalized under professional preparation
- c) All food need to be nutritionally balance along with the presentation on how it fits into the menu

5. Plate temperature – Good Practices is to have cold food and desserts served on room temperature plate to avoid condensation; warm food should be served on warm plates.

- a) If serving a salad with a warm appetizer, think about how to support/protect the salad from wilting on a warm plate.
- b) All salads or herb salad garnishes need some type of dressing or seasoning.

6. Food Waste – In todays modern world, food waste is a major issue around the globe, as a professional, you must control all your food waste.

- a) Excessive mise en place brought into the kitchen will be penalized, the parameters will be 5% of the total required to allow for spoilage and items that may have been dropped etc.
- b) Over preparation of the amount required will also be monitored, meals sold Vs Meal remaining will be totaled again with a 5% buffer permitted. Excessive preparation will cause points deduction.
- c) Ideally, you should have 3 bins.
 - i . One for food waste that may be composted, etc.
 - ii. One for Recyclable bin for cardboard and paper
 - iii. One for non-recyclable for plastic, rubber etc
- d) Items are not to be removed from the main competition kitchen until checked by a member of jury, clear bags may be provided.
- e) Best Practices is the correct disposal of Organic and non-organic waste either at your mise en place kitchen or the competition kitchen after the event.

7. Please, also read the Worldchefs Hygiene and Food Safety Regulations found on the webpage.

Worldchefs Food Safety Regulations

The following information is to be read in conjunction with the WORLDCHEFS's Competition Guidelines.

The Five Keys to Worldchefs Food Safety in Competitions The core messages of the Five Keys to Safer Food are: (1) keep clean; (2) separate raw and cooked; (3) cook correctly; (4) keep food at safe temperatures, and (5) selection of safe raw materials to produce the items.

1. Keep Clean (It takes over 2.5 billion bacteria to make 250 ml of water look cloudy, but in some cases, it takes only 15-20 pathogenic bacteria to make one sick)

- Wash and sanitize all surfaces and cooking equipment in the preparation area of the kitchen.
- Fruits and vegetables need to be washed and packed in appropriate containers.
- The kitchen area needs to be spotless as it is a showcase of our profession.
- All the equipment, tools, utensils, or service wear including knives and knife containers (wraps, etc...) you may be using, must be clean.
- Floor, walls, cabinets and refrigeration in the competition arena, and the cart or transport equipment must be kept clean.

2. Separate Raw and Cooked (Keeping raw and prepared food separate prevents the transfer of microorganisms. Cross-contamination is a term used to describe the transfer of microorganisms from raw to cooked food, and to the equipment used in the vicinity of the food items)

- All food ingredients should be packed separately and labelled clearly by; name and date of packing, and if required, "use by" date.
- Raw poultry, fish, seafood, and meat proteins are to be housed in their own closed containers. These items must be transported and stored at $< 5^{\circ}\text{C}$
- Various packed and labelled dry items can be stored on the same tray.
- Cooked food items must be stored above raw items to avoid drips and cross contamination. There should be no contact between the two items.

3. Cook Correctly (Correct cooking or care of food can kill almost all dangerous microorganisms, which ensure the jury, and guests in attendance, that the food is safe for consumption)

a. A standard HACCP sheet should be used in the preparation and cooking of the proteins. Ideally this sheet should contain the following:

- Name of item being cooked
- Temperature of item prior to cooking
- Length of time during which the items were subjected to heat
- The actual temperature upon cooking
- Time at which the cooking process was completed

b. Blanched items should be shocked immediately in clean iced water to stop the cooking process, then drained and stored in a clearly labelled and covered container.

c. If your National Cuisine needs a partially cooked item to be blanched /dried, then cooked again, please clearly highlight this to the jury members – example Peking Duck. These items are to be held in a clean area to avoid bacteria.

4. Keep Food at a Safe Temperature - Microorganisms multiply quickly if food is not stored correctly. Holding food at a temperature below 5°C (40°F) or above 60°C (140°F), slows down or stops the growth of microorganisms but some dangerous microorganisms can still grow below 5°C (40°F)

- As mentioned under Cooking Correctly, HACCP sheet should be used in all food preparations.
- Raw proteins can only be left on work table if it is stored on ice, or ice pad, and covered with more ice pad or other cold systems. The temperature of this protein must be kept below 10°C (50°F).
- Cooked food needs to be held above 60°C (140°F) to avoid microbial growth, and ensure the food is served hot to members of the jury and to the guests
- Cooked food can be served à la minute to avoid this.
- A HACCP sheet should be posted on each refrigerator and, or, freezer door. Temperatures must be recorded every hour, and corrective actions must be taken if doors are left open too long.
- Hot food must be cooled to $< 5^{\circ}\text{C}$ before it can be refrigerated.
- All food items to be refrigerated or kept in the freezer must be covered and labelled.

Worldchefs Food Safety Regulations

6. Selection of Safe Raw materials (Raw materials including ice may be contaminated with dangerous microorganisms and chemicals. Toxic chemical can form in mouldy food like fruit and vegetables)

- a. Temperatures of your produces should be recorded at the market, when you arrive in your preparation facility, and also in your cooking competition kitchen – HACCP.
- b. Fruits and vegetables should be checked for worms, grubs and mould.
- c. Fish, seafood and meat proteins need to be < 5°C and not bruised or damaged.
- d. Check that fish exhibit all signs of freshness, and verify that they do not have worms or parasites. Verify for signs of freshness.
- e. All dry ingredients, and all fresh, frozen, cured, or smoked food should have the use by or expiring dates checked.

DRESS STANDARDS

Ideally, all members of a team should be dressed near identically.

1. Chef's jacket – The chefs or team of chefs, should enter the competition arena wearing a clean white, pressed chef's jacket.
2. Chef's hat – Standard chef hats, or competition sponsored hats must be worn. Individual event skull caps may be worn.
3. White apron is the standard apron for competitions. Pale coloured ones, and butcher striped aprons are accepted.

13. Food trimmings should be identified and labelled.
14. Food trimmings from your mise en place, that may be used later, should be kept separately, not mixed together, labelled, and stored at < 5°C
15. Hand paper towels to be used for work surface bench and hands wiping.
16. Cloth towels should only be used to handle hot items.
17. Cutting boards in PEHD (polyethylene high-density) material are preferred and should be color coded: green for vegetable, red for meat, blue for fish, brown for cooked meats, and violet for vegan.
18. White is acceptable as a neutral color for all tasks. Cutting boards should always be clean.
19. Use of wooden cutting boards is not authorized.
20. Cardboard or any porous containers and boxes are not allowed to enter kitchen.
21. Nothing is allowed to be stored on the floor.

- 1) Face Mask / Face Shield:** When requested by the local health authorities or the organisers.
- a. These forms of PPE must be worn during the entire competition while in the competition arena.
 - b. They must be changed:
 - i. In preparation for service
 - ii. If they are spoiled in any way
 - iii. Upon returning to the kitchen after any break

2) Hand Washing:

It is a 30 second process which must take place;

- a. Upon arrival to the kitchen
- b. At the start of the actual competition
- c. When hands become soiled
- d. On the hour
- e. After handling raw proteins
- f. When each task is finished
- g. After mise en place has been set
- h. Before service
- i. After visiting the wash room
- j. After handling rubbish
- k. At all times upon returning to the kitchen.

3) Sanitizing:

Recommended chemical sanitizer must be applied for a minimum of 10 seconds before it can be wiped off with a paper towel or scrapper.

- a. All work surface must be sanitized upon arrival into kitchen.
- b. All benches must be sanitized at the start of the competition.
- c. All benches must need to be sanitized as they become soiled.
- d. All benches must be sanitized at the completion of each task.
- e. All benches must be sanitized prior to starting service.
- f. All benches must be sanitized at the end of the competition.

4) Aprons:

- a. To enhance and promote our profession, and to avoid cross contamination, chefs should not be working with soiled aprons.
- b. Bib aprons can be used when cleaning proteins.
- c. Aprons should be changed:
 - iv. At the start of the competition
 - v. After working on proteins
 - vi. If they become heavily soiled at any stage
 - vii. Prior to service.

Worldchefs Food Safety Regulations

5) Gloves:

- a. Gloves do not give an automatic exemption to proper food handling techniques.
- b. Must be worn when handling hot or cold "Ready To Eat" food (RTE), which will be consumed by the jury/public.
- c. Gloves can be worn if working with dirty items, or items that stain, i.e.: beetroot.
- d. Hand injuries should be protected with a band aid/plaster, and covered with a glove.
- e. Changing the gloves is paramount to avoid cross contamination. It is not necessary to wear gloves during the mise en place or food items, unless the food items will not receive any heat treatment.
- f. Gloves need to be changed;
 - i. If you start to use other equipment after touching proteins
 - ii. Before starting service
 - iii. Regularly during service
 - iv. Before and after cleaning of dirty, or staining vegetables or marinades.

6) Rubbish:

- a. Small bins are permitted on the work bench.
- b. Neither the small table bins nor the main kitchen bin may overflow.
- c. Rubbish needs to be bagged, and removed each hour of the competition, upon closing of the bags.
- d. Bins should be empty at the start of service
- e. Cleaned and washed at the end of service
- f. Sinks must be used for washing and not to hold dirty pots and rubbish.
- g. Rubbish must be separated – i.e.: paper, plastic, organic, not reusable plastic boxes and containers, organic, and disposed of in designated containers.

7) Team Spacing:

Ideally the team should utilize all work areas of the kitchen to avoid close contact, which at time, may be un-avoidable.

8) Glass policy:

- a. Control - No glass items are permitted in any format into the competition kitchen. This may pertain to wine, vinegar, soy sauce, tomato paste, oils, drinking vessels, and any other products.
- b. Items must be decentered into appropriate non-breakable packaging prior to stepping into the competition kitchen.
- c. If sponsored items are in glass, these will remain on the central ingredient table(s), away from the competition kitchen. Competitors will retrieve products from this area in non-breakable containers. This rule will also apply to the Community Catering where Commercial products are permitted.

9) Food efficiency (left overs):

- a. In some circumstances, some food excess is unavoidable but this must be controlled. It is how you manage it that will be noted.
- b. If all your portions are not sold – there must be an accountability, tickets Vs Sales Vs food remaining.
- c. 5% excess is acceptable due to a number of kitchen factors, spillage, replacement, wrong table.
- d. Be mindful when planning menus to avoid waste factor, i.e.: "Pommes Parisiennes" or smaller scooped vegetables or fruits.
- e. Useable trimmings / excess of preparations, must be properly packaged and labelled with date and name of product as a minimum.
- f. Such left over food will be reviewed by the kitchen jury before it is taken away.
- g. Deduction for items thrown in the rubbish, or tried to be washed down a sink.
